Francisco **Caballero**

SENIOR FRONTEND DEVELOPER

Motivated Software Developer with 12+ years building products with web technologies. Worked in fast-paced startup, remote and multi-disciplinary environments having the continuous challenge of improving communication, planning methods, and team motivation.

Focused on delivering value at every part of the product lifecycle, taking customer centered and data-driven decisions. Following high-quality coding standards and having a good eye for design.

Seeking to leverage my abilities as remote team player and improve software quality.

Schedule Meeting | **Write Me** | Github | Córdoba, Argentina
